I modelli "KID"

Nella grande famiglia degli occhiali X-IDE trova spazio anche una piccola serie di modelli per i "teen agers", studiati e disegnati con misure e calibri adatti a visi più piccoli, e nei colori e materiali più consoni alla fascia d'età.

Les modèles "KID"

Nous avons également créé chez X-IDE une série, plus modeste, de modèles pour adolescents, étudiés et conçus selon des mesures et des calibres adaptés aux visages plus fins, dans des couleurs et des matériaux plus adaptés à cette tranche d'âge.

The big X-IDE family of eyewear also has room for a small series of models for "teenagers". They were researched and designed in measures and sizes that are suitable for the smallest faces and in colors and materials that are ideal for this age group.
